ABOUT BUENA VISTA HILLS

This new 26 villas development will start construction in Autumn 2017 situated on various plots from 500 - 900 sqm with different designs within the modern and open space contemporary villas from 264 - 393 sqm depending on the model and plot.

The project is designed to combine a sleek architectural language with a peaceful natural setting surrounded by pine trees and the beautiful mountain of Mijas.

One of the most notable design features of the villas is the use of large windows to maximise light and space. In the open plan living area the windows are full height, from floor to ceiling.

Our selection of magnificent villas offers a contemporary design using eco-friendly sustainable and high quality materials. This combination of design and technology allows to build stylish villas with high levels of energy efficiency. We have different models that can be customized for each client.
