Our gift to you is the canvas on which to create the lifestyle of your dreams, made possible by the enduring elegance.

THE PERFECT
LOCATION

San Pedro de Alcantara is one of the Mediterranean's undiscovered jewels. Widely unknown, just a few minutes from the world-famous hotspots of Puerto Banus and Marbella, yet a world away in character. It is southern Spain's best kept secret, known only amongst those who appreciate this highly desirable slice of the real Spain.

It is impossible not to be seduced by the peaceful tranquil atmosphere and the superb sandy beaches. You will be charmed by the bustling town centre with its traditional plazas, quaint shops, tapas bars and restaurants.

Part of Marbella since 1945, today San Pedro is a unique mix of the traditional, modern and ancient. In between the beach and the town centre, there is a spectacular, super-modern pedestrian boulevard. You will also stumble across incredible archaeological treasures such as Roman monuments, basilicas and watchtowers.

space and sliding patio doors seamlessly unite the interior with a stunning covered terrace, ideal for al-fresco living.

Premium finishes such as high quality marble floors throughout and lacquered interior carpentry further enhance the sense of light and space, adding to the sense of luxury. Master bedrooms boast deluxe en-suite marble bathrooms with double basins and walk-in wardrobes. All 4 bedrooms have access to a spectacular roof terrace and a private plunge pool.

Each home is well appointed with a wide range of features designed to ensure comfort and convenience, including a large basement (suitable for a home cinema, family room, gym or an extra bedroom), air conditioning, under floor heating, pre-installation for fingerprint-controlled smart home technology, video entry phone, store rooms, a subterranean double garage and a private lift from the ground floor to the roof terrace.

FOUNDATIONS

The nature of the foundations is based on the geotechnical study, using mass concrete wells and reinforced concrete footings or foundation slabs.

EXTERIOR WOODWORK

All exterior carpentry is Cortizo lacquered aluminium thermal bridge CO—R-60CE series or COR-4500 depending on the system and size. Bedroom blinds are motorised (except on the corner windows).

PLUMBING INSTALLATION

Pipes are made from cross linked polyethylene (PEX) inside the property and polypropylene in the garage. All hot and cold pipes are lined with Armaflex. Each property has a 2m³ drinking water tank and a water point on the terrace.

PAVING AND TILING

The interior floors will be light, neutral-coloured marble or natural stone (60 x 60 in the living room and 40 x 40 elsewhere). The pathways will be made from grey cement with pieces of concrete.

ELECTRICITY

The electrical box will be located in the property in the engine room. Pre-installation LED strips in the alcoves in the living room and bedrooms, and electric blinds.

LIFTS

OTIS 'Easylife' lifts with a coated interior serving each property between the ground floor and roof terrace.

CCTV

Pre-installation for a CCTV system with cameras focused on the perimeter of the complex and at the entrance of each property and garage.

AIR CON / HEATING SYSTEM

Heat pump system with independent thermostats with Airzone control. Hidrokit located in the basement engine room and Francoils duct inverter in false ceilings.

BATHROOM FITTINGS

All sanitaryware will be Galassia (Eden or Dream models) and fitting will be Grohe or similar. All seats will be soft-closing and basins will be suspended forming a separate unit. Master bedrooms have double basins with chrome taps.

GLAZING

Windows are Planitherm and are of a different thickness depending on the size. Guardrails are 8+8 or 10+10 with anchoring system facility and are made with tempered laminated glass type Q Easy Glass.

SMART HOME TECHNOLOGY

Pre-installation for smart home technology throughout the property, operated via WiFi or landline. Finger print access control for the air conditioning, hot water, intercom, TV connection, blinds, curtains and awnings.

A modern bedroom interior featuring a bed with a light-colored duvet and a black and white patterned pillow. A desk with a chair and a lamp is visible in the background. A large window on the left side of the room provides a view of an outdoor area. The room is lit with warm, ambient lighting.

THE PERFECT
LOCATION

THE COSTA DEL SOL

The 'sunshine coast' is the only location in Europe where the sun shines for more than 300 days every year. This stretch of the Mediterranean has been attracting a dazzling array of visitors since the 1950s, when it became a glamorous destination to rival St. Tropez. Today continues to attract its share of royalty, rich and famous, all tempted by the laid back lifestyle, sunshine, cosmopolitan nightlife and beautiful sandy beaches. Add to this international travel links, communications and world class schools and hospitals, and it becomes clear why it continues to be the one of the world's most sought after locations.
